

THIS PRODUCT CONTAINS NO DETECTABLE TRACES OF RCRA HAZARDOUS WASTE HEAVY METALS

This product and its components were tested by LA Testing's Los Alamitos Laboratory, an independent, certified facility that is accredited by the American Industrial Hygiene Association, the National Institute of Standards and Technology, and the California Department of Health Services Environmental Laboratory Accreditation Program.

This product was subject to hot, concentrated acid digestion, followed by an analysis of elements using stringent, EPA-approved tests (EPA Method #3050B and #6010C) for arsenic, barium, cadmium, chromium, lead, selenium, silver and mercury that included *Inductively Coupled Argon Plasma Atomic Emission Spectroscopy* (ICP-AES) and *Cold Vapor Atomic Absorption Spectroscopy* (CVAA) – the EPA's 7471A test for mercury. With no detectable traces, this product is compliant for these RCRA* heavy metals with EPA, Center for Disease Control and California Proposition 65 requirements. Based upon the tested result by ASTM F-2765-09 Method, this product is also compliant for Lead limitation imposed by Consumer Product Safety Commission.

For more information, please contact a local TigerTurf representative.

*Resource Conservation Recovery Act is a federal hazardous waste control regulation.
